

MS Office 2007 Users:

To install the JRAD Database on your computer:

1. Copy the command file below to your desktop.
T:\J-RAD Standards Database\Run Latest J-RAD on C-Drive_Win7.cmd.
2. On your desktop, double-click the command file icon.
3. The command file will run and open a pop-up box.
4. The popup box will close and J-RAD will open in MS Access.
5. When MS Access opens, you should see Figure 1 with “Welcome *your name*” under the title bar.
6. If you do not see “Welcome *your name*” under the title bar, please contact the JSR team at NR-KPP_Helpdesk@disa.mil

DISA **J-RAD** 
JITC Risk Assessment Database

Version: 12.4.1 4/30/2012
Currently linked to backend database: T:\J-RAD Standards DATABASE\LatestFE\
