MEMORANDUM FOR HEADQUARTERS CENTCOM, CCJ6-CE, ATTN: LTC KELL

Subject: Interim Certificate to Operate (ICTO) for the CENTCOM REDCOM ISDN GATEWAY EXCHANGE (IGX) COMMERCIAL Switch version 6.0 R1 PB

1. In accordance with the authority provided by reference, the Interoperability Test Panel (ITP) have reviewed and concurred with your request for an Interim Certificate to Operate (ICTO) with respect to the CENTCOM REDCOM ISDN GATEWAY EXCHANGE (IGX) COMMERCIAL Switch version 6.0 R1 PB. The ITP bases the concurrence with this ICTO upon your identified urgent operational requirement to field this system.

2. The ITP Chairman concurs with recommendations of the Joint Interoperability Test Command (JITC) and the ITP members, and grants an ICTO for use of CENTCOM REDCOM ISDN GATEWAY EXCHANGE (IGX) COMMERCIAL Switch version 6.0 R1 PB. This ICTO is effective beginning 15 July 2004 and expires on 30 November 2004. The ITP is issuing this ICTO as an administrative extension to the CENTCOM REDCOM ISDN GATEWAY EXCHANGE (IGX) COMMERCIAL Switch version 6.0 R1 PB dated 9 April 2004 that expires 30 September 2004. This extension is being granted to allow the Air Force to field the certified version of this switch. Other Component Command activities have already implemented the certified version. To further extend this ICTO, the Air Force must provide a systems status update to the ITP in November 2004.

3. This ICTO is subject to the following conditions:

a. The Air Force present a fielding plan to the September 2004 ITP meeting defining when all Air Force units will upgrade to the certified version of this switch.

b. If, at the end of this ICTO, the Air Force has not upgraded to the certified version of the REDCOM ISDN GATEWAY EXCHANGE (IGX) COMMERCIAL Switch version 6.0 R1 PB, the ITP will consider it as a candidate for removal from operational use.

4. JITC point of contact is Mr. Joe Peeples, DSN 354-2802, Commercial (301) 744-2802, fax (301) 744-2688 or email address: peeplesj@ncr.disa.mil.

BRIAN P. HAMILTON
LTC, USA

Acting Chairman, Interoperability Test Panel
