Subject: DoD Collaboration Interoperability Testing Program  
Statement of Non-Applicability

Dear Mr. Carter

Upon evaluation of capabilities provided and protocols employed, it has been determined that Plumtree's Collaboration Server 3.0 does not fall within the DoD requirement for collaboration interoperability certification in accordance with DoD Collaboration Interoperability Test Procedures version 8.6.

If the certification test procedures change, or if a revision of the product is released, re-evaluation will be required.
